MISSIONARIES OF THE WEEK

MIKE & SHARON KELLER—UTAH

In the last month, God has powerfully opened doors of spiritual discussion through private discussions, Bible studies, and even community events.

Satan has used Mormonism and polygamy to darken their understanding. It is evident that confusion and sadness preside in their hearts. But God's Word does not return void, so we are confident that the work He has begun to do in their hearts will continue. We plan to invest in their lives spiritually as long as God allows.

We covet your prayers as we watch God do His redemptive work in places and hearts we never dreamed possible.
